

ALLRESIST GMBH General Purchasing Terms and Conditions

§ 1 General Provisions

1.1 For all orders that are issued by Allresist GmbH (hereafter, "Allresist"), only these General Purchasing Terms and Conditions shall be valid insofar as nothing to the contrary has been expressly agreed. Provisions of the Supplier in its General Business Terms and Conditions or on its order confirmation are hereby expressly rejected. The unconditional acceptance of order confirmations or deliveries shall constitute no acknowledgment of such terms and conditions. Allresist informs that a HADDEX sanctions list screening will be carried out when an offer is requested or an order is placed. The laws of the Federal Republic of Germany shall be valid for these Purchasing Terms and Conditions.

1.2 When the initial delivery is made in accordance with these Purchasing Terms and Conditions, the Supplier shall also acknowledge their exclusive validity for all additional orders.

1.3 Orders and mandates that are issued shall become binding if they are issued in writing or have been confirmed in writing. The offer may only then be accepted within a timeframe of 14 days if nothing to the contrary has been agreed.

1.4 For all contractual agreements, Allresist shall hold a right to make immediate termination without any notice with the termination to become effective at the end of the respective month. In the event of the invalidity of the aforementioned provision, the law shall be valid.

§ 2. Delivery and Shipping

2.1 The delivery shall be made based upon the order and/or the subsequent instructions issued by Allresist regarding the agreed timeframes. The Supplier shall make prompt notification of changes to the timeframes.

2.2 The Supplier shall state Allresist's order numbers on all shipping documents, written correspondence and invoices.

2.3 The costs for the transport including the packaging, insurance and all other ancillary costs shall be assumed by the Supplier insofar as nothing to the contrary has been expressly agreed.

§ 3. Delivery Timeframes, Delivery Deadlines

3.1 The delivery timeframes or delivery deadlines stated on the orders shall be considered to be binding and the point in time when the goods arrive at the delivery destination shall be prevailing in this regard.

3.2 Allresist shall be entitled to refuse to accept goods which have not been delivered by the delivery date specified on the order and to send them back or have them stored by third parties at the Supplier's expense and risk.

§ 4. Quality and Acceptance

4.1 The Supplier shall ensure that the goods fulfil the applicable norms and the state-of-the-art technology standards. In this regard, it shall make its best efforts to set up a management system and continue to develop it in accordance with ISO 9001.

4.2 Allresist reserves the right to inspect the goods for obvious and visible defects promptly upon their receipt and to only then make delivery acceptance of them. In the event that a complaint is made, the Supplier may be charged the costs for the inspection and the replacement delivery. For each type of defect, the deadline for making a notification of defects shall be respectively 14 days after their discovery. During the warranty period, the Supplier waives its defence of a belated notification of hidden defects.

4.3 The values determined during the incoming goods controlling shall be prevailing for measurements, weights and unit figures.

4.4 In the event that a contractual penalty for delayed delivery has been agreed, the claim to the contractual penalty shall continue to remain valid even then if it is not expressly asserted when delivery acceptance is made. Any more extensive claims shall continue to remain valid without being required to assert any special reservations when delivery acceptance is made.

§ 5. Prices and Payment Conditions

5.1 The agreed prices shall be considered to be the maximum prices; Allresist shall be entitled to receive any price discounts that become valid during the timeframe between when the order is made and the invoice is paid.

5.2 Invoices must be drafted immediately upon the shipping of the goods while stating the order and article numbers. The VAT must be separately indicated.

5.3 The payment shall be made subject to the proviso of proper delivery having been made as well as that the invoice states the correct prices and computations. In the event that a defect is discovered which is covered by the warranty, Allresist shall be entitled to withhold the payment until the warranty obligation has been fulfilled.

5.4 Invoices shall become payable within 14 days after invoicing less a 3% discount; within 30 days after invoicing net cash.

§ 6. Offsetting and Assignment

6.1 The Supplier shall be entitled to offset only with undisputed or legally-upheld claims.

6.2 The assignment of claims against Allresist shall be valid only subject to its written consent.

§ 7. Warranty

7.1 The Supplier's warranty obligation shall be based upon the statutory directives insofar as nothing to the contrary is subsequently agreed. Upon Allresist's initial request to do so, the Supplier shall indemnify Allresist from all third-party claims which are asserted owing to defects, the violation of third-party proprietary rights or product damage to its delivery as the result of its proportional causation. The Supplier shall ensure that it holds appropriate product liability insurance coverage.

7.2 The warranty timeframe shall amount to at least 12 months after delivery is made to the delivery destination. If the statutory warranty timeframe is longer, then this warranty timeframe shall be valid.

7.3 In the event that a defective delivery is made, the Supplier must, as Allresist so chooses, either make a free-of-charge replacement delivery, grant a price discount in accordance with the statutory directives regarding price discounts or eliminate the defect upon a free-of-charge basis. In urgent cases, Allresist shall be entitled, after consulting with the Supplier, to eliminate the defect on its own, or have it eliminated by a third party, or otherwise procure a replacement delivery at the Supplier's expense. The same shall be valid if the Supplier enters into default regarding the fulfilment of its warranty obligation.

7.4 For replacement deliveries and rectification work, the Supplier shall be liable in the same scope as for the original delivery object—thus also for transport, infrastructure as well as labour costs without any restrictions in this regard. The warranty timeframe for replacement deliveries shall begin to run at the earliest upon the day of their arrival.

§ 9. Third-Party Proprietary Rights

The Supplier assures that third-party rights do not oppose the contractual use of the purchased goods—particularly that third-party rights are not being violated. Insofar as Allresist nonetheless has claims asserted against it owing to a possible violation of third-party rights such as, for example, of copyrights, patent rights and other proprietary rights, the Supplier shall indemnify it in this regard and also from any related obligations it incurs.
